

SECTOR REPRESENTATIVES

The SMIRA board recognises that different parts of our island may have different needs. We also understand that not everyone can or would like to join the formal SMIRA Board but do want to support their community in some way. With approx. 3000 residents, we want to encourage resident voice.

A new proposed scheme, sector reps, would create more options for residents to give feedback on issues concerning a particular area of the island. It would also create opportunities for more residents to get involved in helping our community.

Selection

SMIRA will ask for residents to express interest in being a sector rep for their specific area.

If more than 3 nominations are received for a sector, a vote will take place of the candidates at the Formal Residents Meeting. All new sector representatives are confirmed at the Formal Residents Meeting.
